QUALITY POLICY

BFS Enterprise (Fabrications) Limited recognizes the importance of Quality Management Systems ISO 9001:2008, EN1090-1:2009+A1:2011 and is committed to adopting its strategy of quality throughout the organization.

It is the policy of BFS Enterprise (Fabrications) Limited to ensure that all contracts are monitored from the planning stage through to final despatch in order to maintain the level of quality and reliability consistent with the requirements of both the customers and BFS.

Our aim is the continual improvement of all areas of the business through review, appraisal and development. In executing the Policy, management shall ensure a high rate of customer satisfaction and ensure they receive a product, which conforms to their requirements in every way.

BFS Enterprise (Fabrications) Limited has established Quality Objectives. The attainment of the Objectives will show on-going improvements in process efficiency.

This Policy incorporates any legislation changes in respect of fitness, purpose and performance of products, including the current Safety, Health, Quality, and Environmental Standards within our scope of work.

STATEMENT OF INTENT

If you take care of your customer they come back, if you take care of your product, it doesn't. It's that simple.
